ABOUT ME

B.E. CSE student at HICET Coimbatore (CGPA 9.02/10), EDC Student President 2026–27, and serial builder. Founded Get My Service (GMS) — Flutter + FastAPI service marketplace. Completed a 9-month Backend Mastery program with Django & Postgres (Dr. Ganesh Academy). Delivered commercial billing software for SRS Agencies in 12th Grade. Competed in SIH 2025, IIT Madras CoERS, CMR ThinkFest 3.0, and led department-level technical symposia. Certified in Cloud Computing (NPTEL, IIT KGP), Python for Data Science & ML (Cambridge IQ), IoT, and Google Gemini Academy.

EXPERIENCE

Machine Learning Trainee · *Hardwin Software — Enterprise Applications & Mobile Apps Development · 2025*

- Practical ML training covering data preprocessing, supervised/unsupervised learning, model training, validation, and deployment workflows.
- Built Python-based predictive models using Scikit-learn and pandas for real-world datasets.

PROJECTS

Get My Service (GMS) — Founder & Lead Developer

Flutter · FastAPI · MySQL · PostgreSQL · Supabase

- Architected full service marketplace: Flutter mobile app, FastAPI backend, MySQL/PostgreSQL schema, Supabase storage.
- Built booking management, real-time chat, push notifications, multi-role profiles, and service discovery.
- Owned product lifecycle end-to-end: concept → architecture → development → testing → production.

RoadWatch — IIT Madras CoERS Road Safety

Hackathon *Python · Computer Vision*

- Technology-driven road safety monitoring and incident reporting system presented at IIT Madras CoERS.
- Applied computer vision and real-time data analysis to transportation safety challenges.

E-Bill Management Software · Client: SRS Agencies

Python | Client Delivery — 12th Grade

- Commercial billing software: automated invoice creation, customer management, transaction records.
- First production delivery to a real client — before undergraduate study began.

Digital Voting Management System *Python*

- Secure voter registration, vote-casting, and automated result generation for institutional elections.

AI in Campus Life — Mini Documentary (IIC Competition)

Leadership · Video Production

- Led 15+ member interdisciplinary team through planning, filming, post-production, and presentation.
